(www.adventurelinks.net) and clicking on **Complete Paperwork** This will walk you through the new and improved simple paperwork process. We are utilizing the online data collection to allow us to protect your privacy and will allow you to fill out your demographic information only once. Because of the secure system you will be prompted to Create a New Account. If you are a return customer from 2005 or later all your information will be available in the system for you to access this year all that you will need to do is ensure that the data is still correct and provide your Electronic Signatures. Your information will be safely housed in a secure Adventure Links database allowing the information to be repopulated in future camp years, saving you time.
